The Impossible Dream: Living Beyond Self-Limiting Behavior - To Be Announced

Julie Bowden, Richard Balaban and Chris Chouteau

A life beyond our greatest expectations is made possible by knowing ourselves and being fulfilled in work and love. Self-limiting behaviors and mood-altering substances undermine this dream and prevent us from embracing actions that promote our growth, well-being and emotional health.

This workshop will use group and individual work such as meditation, awareness practice, feedback, experiential exercises, role-play, guided imagery, and writing to navigate a path toward effective change, enhanced relationships, genuine intimacy, and spiritual growth.

Participants are asked to forgo alcohol and non-prescription drugs during these five-days.
